INTRODUCTION:

Service, quality, professionalism, honesty, integrity - all old fashioned values are as important today at AL MEZIN Building Materials Trading L.L.C. , as they were in 2015 when our doors first opened.

Located in the industrial Area Al Ain, the most busy business center for traders, whole sellers and retailers, AL MEZIN Building Materials Trading L.L.C. has been serving the building material industry since 2015.

A certified company across its multiple offices in Al Ain and warehouses, the company leverages a strategic play of premium manufacturing and trading. MTC is a one-stop destination for its customers' infrastructure needs in the value-added, science-led sustainable manufacturing supply chain. We are proud partners to some of U.A.E's largest infrastructure developers. We take immense pleasure to serve their diverse building material needs. Our Services across power & control systems and industrial packaging help our customers deliver mission-critical projects that create sustainable solutions and economic growth. Our building materials help ensure that the equipment in the manufacturing process remains highly productive and efficient. Multiplying the growth with an extensive customer base we have gained confidence of major manufacturing Industries, Importers, whole sellers, stockiest and suppliers in the region. Hence, achieved solid base and have grown from a small trading firm to one of the largest building materials company. With the wide range of products stocked, we provide value for money and quality solution at all times.

VISION:

“ To build the better future ”

“OUR MISSION”

To provide high value added products & innovative solutions to the construction industry

OUR COMMITMENT:

- Committed to "Product Integrity" and "Superior Customer Service"
- We achieved certification in the operation of a quality management system with the new standards, which complies to the requirements.
- Strive to meet demanding construction and design requirements with outstanding functionality and stunning aesthetics.
- To provide innovative and high performance products with cost efficient solutions.

GROWTH OF THE COMPANY:

Rapid economic growth in the UAE gave birth to lucrative avenues in various sectors. At this time the company, in a strategic policy shift, moved on from being a purely order processing entity, to importing its own product range, which now extended to include structural steel, cement, paints, timber, ceramic tiles, tools, generators/compressors and electrical equipment's. We held them in stock and cashed in on the expanding market.
